

Attendance

- Saul Cardona
- Leo Leider
- Ehren Collins
- Sam White
- Jacob “Hat Jacob” Greenberg
- Matt Jones
- Rory Brennan-Jones
- Joshua Schiavi

RA hall meeting (previous)

- Matt Jones has given participation points to CIF members who attend the RA floor meeting that happened a few days ago

Don't Freeze (previous)

- Good attendance, mainly CIF members but also 4 AIF members (because it was a collab)
- The bureaucratic side of things were messy, but it all worked out in the end
- The envirologs we were provided burned very nicely and we cooked delicious s'mores
- We have supplies left over, so we can do this event next semester
- There were some signs we were supposed to fill out, but we never did
- We didn't get the reservation for the fire pit, but no one else got it either and we were able to hold the event anyway

Election

- Has to happen the first floor-meeting since there will be no president at the start of the semester
- We will be taking nominations for president and marketing director, and unofficially taking nominations for senior tech over the winter break

Board meeting over break

- We will start forced-constitution-rewrite
- We will need to include update to constitution that includes new member requirement (1 semester → at least 1 event unless if they join at the very end)

New member problem

- Matt's ideas

- 1 event first semester
- Event specifically for new members
- Rory's idea
 - Force new members to schedule their first event during their interview

Collab with MIF idea

- CIF x MIF collab
- Video music is performed by CIF and MIF members since CIF has plenty of musically-inclined members
- Possible CIF members
 - Ehren
 - Winter
 - Tristan
 - Ji Ling
 - Tim
 - That one guy who's the logistics director
- The event would be logistically difficult to arrange
- We would pick musical highlights from popular video games
 - Undertale
 - Hollow Knight
 - Claire Obscur: Expédition 33

Other collab ideas:

- Minecraft night collab with BajaSAE
 - We would play Minecraft with them
- Minecraft night collab with Drama House
- Minecraft super-server for all SIHs, and everyone in general
 - JNS idea: trick everyone into the joining the same server on April Fools day
 - Ehren idea: have a public server that has a server near the spawn area that says "sorry you ended up here, but here you area" idk
- Dramatic collab with Drama House
 - We would act out movie scripts with them. Examples of possible movies:
 - A Minecraft Movie
 - Thankskilling
 - Fateful Findings

Member interview

- "Pokemon guy" aedrux
- An applicant wrote to Sam stating that they can do an interview tomorrow
- 4 e-board members can do 5pm tomorrow
- Time confirmed

Tech updates

- Baja Minecraft server thing
- URSGA will announce Simcraft after winter break
- WRUR's server has a "lag thrower" that throws a lot of errors
 - Their fault, we followed their instructions
- Ehren had to explain to Stem initiative what a game server is
- Outing club said no to having a Minecraft server because it's against their mission statement
- Omega clone 1 is a VM that we dislike for some reason
- Idea: create Minecraft server for CIF

Floor meeting

- Nominations
- Member requirements for next semester
