

Attendance

- Tim
- Rory Brennan-Jones
- Ehren Collins
- Sam White
- Matt Jones
- Jacob “Hat Jacob” Greenberg
- Leo Leider
- Saul Cardona
- Ji Ling Ren

Past events

- Movie night that got cancelled
- AI essential tech seminar
 - Best presentation Ehren has ever given...
 - ...but no attendance, due to Dandyhacks and giant hail
- Dandyhacks
 - CIF provided a wii, but the Dandyhacks team failed to coordinate well earlier (which also prevented us from hosting a workshop)
 - We spent 11 hours at dandyhacks, only 2 people played
 - CIF team: consisted of Rory and Matt (and Lior)
 - Won best domain name
 - We should make a social media update about this
 - We should have won 2nd or 3rd place for the gaming track, but we didn't because of category fraud
- OBOC co-sponsorship
 - Our name was mentioned

Tech updates

- Ethernet outage was caused but resolved
- We will be receiving 20 computers from ECM, including 2 to 3 alienwares

Server service idea

- Idea: we have servers. Our groups do not have servers. Other groups would like game servers, probably mostly Minecraft. CIF can create good will with other groups by hosting servers for them. Simple as that. We have more than enough servers to do that, so there's no reason not to.
- URSGA and AIF might be interested in such a server, as well as other groups
- We do NOT want to charge server usage. We just want to create goodwill other groups and provide tech services to the community (thereby upholding our mission statement)

Membership applications

- 2 new membership applications have been received
- Rory will write to these students to arrange interview times

E4E feedback

- A draft was made, it's still a WIP.

SIH "Weekend"

- Email from Madison:
 - Hi everyone,
 - Following up about SIH Weekend: two groups have already shared their availability. The times that work for both are Friday (11/21) from 12–1:30 PM and 5–6 PM.
 - If you haven't responded yet, please let me know by the end of Thursday whether either of these time slots works for your group. It's fine if only 2–3 members of your E-board are available to table. We'll need confirmations by then to finalize the reservation and prepare materials for the event.
 - Thanks so much for getting this organized!
 -
 - Best,
 - Madison
- Eboard members who cannot make this time
 - Rory
 - Matt
- We should bring an alienware with us
- Our decision
 - Time: 12-1:30
 - People: Ehren and Sam

CIFsgiving preparation

- Turkey is a problem, as no one has stepped up to cook it
 - Alternative: we could get catering for the turkey?
 - Bob Evans sliced turkey
- We have decided to cook the turkey ourselves
- Next: we can go to Wegmans to get stuff, or we can instacart it
-

Don't Freeze

- Upcoming event where we roast s'mores
- Ehren has messaged Ryan to ask questions

- We should buy chocolate at the common market instead of hillside

AIF co-sponsorship opportunity

- AIF reached out to us asking to do something with us (Matt heard from Lilly, AIF president)
- Don't do league
- Don't do video games or board games
- Worry: our members won't show up
- Idea: make Don't Freeze collaborative
- Matt will ask AIF if they like this idea
 - He will ask them to chip in
- Lilly responded and asked what the price would be

Alumni Meeting Date and Time

- Idea: next Sunday, during the afternoon
- To Jiling, Ehren related the story of the CIF tea time, which is a tradition upheld by CIF alumni to this day
