Jacob “Hat Jacob” Greenberg

- He became an associate member in his freshman year, but left early on (due to not receiving housing and a vendetta with Jack). Now, in his senior year, he wants to rejoin as a full-member. In the interim, we got rid of our associate member positions and demoted them to friends of CIF.
- We voted to reinstate Jacob’s membership. A major reason is that the constitution does not have a section on membership reinstatement. Also, since Jacob was never a full-member, we are giving him a 1 semester grace period.
- Jacob has been informed of our decision.
