 - Open Lab
 - Freshman Gaming
 - Not super eventful, but a few people came around.
 - Not too many people.
 - It might be a cool idea to advertise a future Video Game Night on October 17th, perhaps instead of doing a freshman gaming night again?
 - President Council Meeting
 - It sure did went.
 - MJ moment.
 - Talked about a future SIH Collaborative event
 - See below.

 - Skating event
 - Can we get it in CCC?
 - Leo will not do it
 - If Leo has time, we'll see.

- no
 - Make it Private, so Sorority Girls don't CRASH the CIF Ice Skating event.

 - Can we get it in CCC?
 - SIH Collab event
 - Drama House's idea of an all-SIH Cookie Decorating Event

 - 8 PM, this Saturday (September 19th), in the Lab.
 - Coolio. Yes. Thus, it will be done.
 - Open Lab will happen.
 - As usual!
 - Skating Event.
 - We can't have it at 8 PM, since open skate is only from 5 to 6:15 PM on Saturdays.
 - Also, this is during Meliora Weekend, so, Alumni might be there
 - Open Skate on Sundays is 2:30 PM to 3:15 PM
 - So, we'll move it to the 18th of November, meet at 2 PM in Anderson.
- New Constitution.
 - They'll "Look at it over the summer"
 - They *Definitely* did that.
 - Ehren has to go and talk with ResLife to see what Constitution is the real Constitution, according to them.
- Has Ehren Sent out E-Mails to CS and ECE Professors yet? - No :(
 - Ehren should do that at some point in the future.
- Collabs
 - WiCMiC
 - Ehren and Stephen met with WicMic's Outreach chair.
 - They do Educational-style stuff, which is pretty cool.
 - We came up with an idea for an event
 - "Acing the technical interview" ☐(Thank;s Stephen for the name)
 - October 15th (A Saturday)
 - Stephen even made a proposal.
 - It's an ODT file. That's based.
 - Basically, there is an event in Anaheim, California that a bunch of their members will probably trek over to.

- The event will be like 20 minutes of Technical interview prep, followed by interview prep.
 - We can get someone who has been through this to tell us some advice.
 - JNS
 - He's still in Upstate NY, so this could be cool. He's been through the process.
 - Let's ask him if he's available.
 - I just wanted another level to this chain of bullet points.
 - Greene Center people?
 - Professor
 - Food. We can potentially get some.
 - Put a flock camera inside of JNS's room.
 - That way he can zoom into the event! :)
- Baja
 - Nothing yet.
 - Ehren will reach out again, since the E-mail probably got lost in their E-Mail.
 - We'll see.
- MIF
 - Is no longer a pipe dream!
 - NEWS! It's no longer a pipe dream!
 - Ehren talked to MIF's President during the council meeting.
 - Their E-Board seems on board.
 - If you remember, (Since it's been a while), this is for a video game music concert.
- CSUG
 - Dandyhacks is *somehow* still going on.
 - VEMS has them having the event in Feldman on the 20th-22nd of November.
 - They are advertising two other dates, neither of which are correct.
 - We should do something with Dandyhacks again
 - We should be very clear with what we want.
 - Tech Seminar?
 - Something Game Design related.
 - Stephen will think of something.
 - Have a table, like Studio X does.
 - Perhaps some of us could even make a team!
 - We can organize something a little closer to the event for this.
- Tech Seminars.

- We could fit up to three more this Semester.
 - Bring back Ehren's LaTeX Seminar in October.
 - A Weekday?
 - Friday, October 16th
 - At 5 PM in Genesee 325.
 - We need to find a room.
 - The Catholic Center?
 - Check out the multipurpose room.
 - Genesee 325, 2 PM, October 3rd, it shall be.
 - Stephen's Tech Seminar
 - Might be at Dandyhacks, might be at a different time and place.
 - After this meeting, we'll brainstorm a little bit.
 - R for data analysis?
 - If dandyhacks, then git
 - We presently have a Board Game Night near-ish to Halloween (The 23th).
 - We're moving it to be on Halloween (On the 31st, because fun).
 - CIF Open House?
 - Doesn't have to be formal (In fact, won't really be because Alumni can't get into Anderson).
- Membership applications
 - Ehren E-Mailed 4 people. (That's a fair amount of E-Mails).
 - Three people got back to us, so we should schedule interviews
 - Eli Hornberger - Friday?
 - At 1pm, because yay!
 - Quynh Huong (Jules) Le - Tuesday 5?
 - This works.
 - Alexander HeDidntPutHisLastNameInTheForm - Tuesday 5:30?

 - I thought this said his last name was Online Directory
 - Bruh.
 - Don't "bruh" me you insolent fool
- I need to send the budget to Ryan tomorrow. Take a look. Does anyone have any qualms?
 - It's Matt Time.
 - It looks fine. Budget good.
- Dues update
 - As of now, 12 (but in French) people have paid dues, out of 22 (But in French).
 - So, 10 people need to pay still.
 - Some of these we don't expect, but the numbers aren't bad.
- Ehren's Interesting Proposition.
 - MIF is looking for a new way to host their website.

- We offered them a site at mif.cif.rochester.edu.
 - They are seriously considering it.
 - We'll talk about logistics, but we can definitely do it.
 - VMs with Wordpress, so it's expandable in the future.
 - Their President might even join! :)
- MJ Meeting Fridays
 - Maybe help w/ sustainability peeps?
 - The sustainability office does an annual/semi-annual E-Waste event,
 - MJ seems to believe he can get us involved in some way.
 - WE GOT HIS BOOK.
 - We will be starting out future meetings with his quotes.
 - Some of them hit at 3AM, some of them hit at 7AM
 - He plays chess. His ELO is 1600.
- T-Shirts
 - MJ has a local contact.
 - Sam has no news from his contact.
 - Matt also has a contact, so we'll see.
 - Let's pursue all options so we can get T-Shirts from spring semester.
 - We'll see how much things are to see how much (If at all) we are selling them for.
