

# Computer Interest Floor

Board Meeting!  
February 1, 2026  
Anderson Tower, Floor 3.

---

- Attendance
  - Sam
  - Matt
  - Ehren
  - Hat Jacob
  - Leo
  - Tim
- Past Events
  - Open Lab
    - Well attended!
    - People seemed to like it
  - Movie Night
    - Multiple people attended virtually, and many people were there in-person. (Though people left along the length of the movie)
- Upcoming Events
  - Intro to Linux Tech Seminar (Not UNIX anymore, now is it?)
    - February 5th, 2026 8 PM to 9 PM
    - Posters would be nice, Tim will do them.
      - Distribute tomorrow evening, perhaps.
      - Yay Posters!
      - Include a QR code to the Discord Server.
    - Genesee 325. Hasn't been approved yet, but has been requested.
  - GIM
    - February 7th, 2026 3 PM to 4 PM.
    - Genesee 325.
    - Tim will make posters soon, for us to post.
  - Video Game Night
    - First one of the semester.
    - Tim can advertise it as he feels fit.
      - If we want posters, we can, but very much not required.
    - Could a theme be nice?
      - Wii could be fun.
        - Mario Party!
    - I think the general consensus was to make this one more of a general, but /shrug?
- Idea for gathering E-Mails?
  - We can have a box on the Website.

- Logistically, there could be some concerns with the lab computers being a bit... unstable, and dying between days, but this shouldn't be an issue.
    - Minecraft, Hollow Knight, Dark Souls 3, Doom? Unknown Pokemon game?
  - IFnic
    - This \*might\* happen.
    - Basically, it's a general SIH picnic that they used to do many moons ago.
    - Perhaps turning CIFnic into the generalized IFnic?
      - CIFnic was a members only event, so it would require some moving around.
      - We'll float it to people, to see if it can happen. Seems pretty cool, eh?
    - General IFnic would be limited by the one grill that we have.
      - We could encourage people to cook/buy things outside of the single grill
    - Going to GVP.
      - No one on-floor has a car, so this isn't really possible.
  - ResLife's SIH event.
    - It's normally tabling.
    - There was talk about turning it into a touring event.
      - Some concern about Drama House being far away.
      - Finishing in Drama house?
    - It'll probably be tabling again, though, because why not, eh?
- President Meeting
  - CCC
    - Trying to get us to put events in CCC.
    - Open Lab, Video Game Night, etc are repeating, so easy-ish to input.
  - Advertisement Tracking
    - It "exists" to sort of track how we as SIHs advertise our events, presumably for the gathering of data.
- Merch
  - Shirts?
    - Sam has a contact.
    - We need quantity, sizes, material, etc.
  - Mugs?
    - People are interested in SIH mugs. (Specific to each organization)
    - Presidents of SIHs were rather interested in it.
    - ResLife will be looking into if they can handle it.
