

Computer Interest Floor

Board Meeting!
March 29st, 2026
Anderson Tower, Floor 3.

- Attendance
 - Jacob
 - Leo
 - Sam
 - Matt
 - Tim
 - Ehren
 - Past Events
 - Open Lab
 - Lower attendance than normal, but that's all right.
 - Board Game Night
 - Went pretty well, Eugene and Winter showed up, people had fun.
 - That was the last non-formal game night Board Game Night.
 - Tech seminar
 - I know it was bad :(ul style="list-style-type: none;"> - Was not actually that bad
 - There are things that could be improved, as ever.
- Upcoming Events
 - Formal Game Night
 - No updates. It's coming up in 3 weeks.
 - We need to talk about food at some point.
 - If we want to use Alumni money, we'd have to go through Ryan.
 - From Alumni Relations
 - No one signed up through their form for FGN. No one is particularly surprised.
 - We know of two alumni that are coming, Kestor and Random Alumni from some time ago. Fenway may show up too.
 - IFnic
 - It's a combined SIH Picnic now, not just the usual CIFnic.
 - People need to actually delegate tasks between the SIHs, but alas.
 - Archipelago?
 - A week from yesterday.
 - This requires some technical setup.
 - Sam and I will look into it. :)
 - According to Ehren, the most time-intensive thing is figuring out the modding solutions for each individual game.
 - Dark Souls 3, Hollow Knight, Minecraft, Pokemon Emerald.

- A test run will be done prior to the event. :)
 - We're planning on doing the Archipelago until people lose interest.
 - We'll move it to start at 6 PM, so people can eat supper.
 - Post online, E-Mail, Discord, etc.
 - No posters off-floor.
 - Maul Showings - members only
 - It's a new Star Wars Show!
 - The premise being that we watch an episode weekly when it comes out.
 - They come out on Mondays, so that'll be weekly for a while at... an time.
- Technomologicallymagicallyallyamagimagicalltechnolomagicalmysticallytechnological updates
 - Changing lab Machines
 - The Triangles will become Windows machines, making 4 in number.
 - Protoss & Tau will remain linux, whilst two monitors will be converted to that purpose, leaving 4 for that purpose.
 - New AD Server (So that Windows and Mac will be able to authenticate properly)
 - This involves some shenaniganry, to which I will explain to interested parties.
 - We have an OS Counter Now :)
 - Debian Mirror
 - Still not on the website yet, but it does work :)
 - Printer
 - Start Page:
 - <http://start.cif.rochester.edu/>
 - Server Updates
 - ECM is in no rush.
 - Updates from Sam's Contact? (nope)
 - Other random guy? (Yep!)
 - Ci-Fi!
- New Members
 - We have a bunch! :)
 - 5 on one day, 2 more on another. 7 total during the past week! :)
 - 9 During the last 2 weeks.
- Housing
 - Documents are in.
 - We did not fill 3 double slots, of the 3 suites. We're basically in the same spot as we were last year. 310 won't have a double, 340's double only has one member (Wil probably have a random).
 - If people drop out after the fact, that's unideal, but that's not really our problem.
 - This *may* happen with one of our members, who may be transferring.
- Collabs
 - There are no updates.

- Sig Ep and Drama House have both Ghosted us. We'll wait after April 1st.
- Donations?
 - Nothing new from that front : (
 - Shocker, I know.
 - They don't know how much we actually got in terms of donations...
 - This whole thing is... Awful.
 - We'll see if we can get that fixed.
- CCC Recursion happened.
- Constitution Updates - Yep
 - It's due Wednesday (April 1st).
- E4E
- April Fools!
 - Chrome Interest Floor?
